

WOMEN'S CELL 2018- 2019

The Women's Cell organized a Health Awareness Programme on Tuesday 29th January 2019. Program objectives were on safeguarding the rights of girl students, and women faculty. The Cell takes care in incorporating hygienic habits and ensure a healthy atmosphere in and around the college.

Women's Cell Organises Health Awareness Programme B- Dr.Divya ,Gynaecologist,Gleneagles Global Hospital.

Dr. Divya said that women's health is an example of the country's health, Also it is a "a state of complete physical, mental and social well-being and not merely the absence of disease or infirmity".. Gender remains an important social determinant of health, since women's health is influenced not just by their biology but also by conditions such as poverty, employment, and family responsibilities.

addressing the issues faced by
Women*

She also added - Women's reproductive and sexual health has a distinct difference compared to men's health.

Even in developed countries pregnancy and childbirth are associated with substantial risks to women with maternal mortality accounting for more than a quarter of a million deaths per year, with large gaps between the developing and developed countries. Co- morbidity from other non reproductive disease such as cardiovascular disease contributes to both the mortality and morbidity of pregnancy, including preeclampsia.
